

# VNASA congress 2019

Faculty of Veterinary Science  
Pretoria, South Africa

Including feedback

**Dear Esther**

**I wish to give the following feedback on your presentation, regarding FEAR FREE, on Saturday with our Vet nurses' congress**

**Your talk was very interesting, stimulating and great fun 😊**

**You are such a bubbly enthusiastic person and your passion most certainly comes across when you stand there and speak out!! 😊**

**I loved the unique way of approaching the patients, to calm them down and keep them at ease, and I loved the way you include and teach the kids and the community!!**

**This is the best advertisement - seeing is believing - and word of mouth spreads like wild fire!!**

**Well done - keep up the good work 😊**

**Best wishes**

**Good day Esther,**

**I attended your lectures at the VNASA Mini Congress held at Onderstepoort (South Africa) on Saturday 14/09/2019. It was very well presented, practical and refreshing. I enjoyed every minute and I will definitely make an effort to attend any future lectures as well! Thank you very much!**

**Sincerely**

**Sr Linda Venter**

**Esther Klok, presented three lectures at the Veterinary Nurses of South Africa's mini congress. She is a super energetic speaker and can motivate any audience in no time. We have enjoyed her talks tremendously and she managed to give the nurses quite a few new ideas that they can implement in their jobs. Esther is welcome to come back to South Africa to present lectures again in the future. All the nurses who attended her lectures talks with admiration about her. As a person, Esther is a wonderful woman that can take on the world and who will make the best with what is handed to her. We can look up to a super woman.**

Room 1-254.1, Level 1, OVAH  
University of Pretoria

Dear Esther,

Thanks very much for giving such informative lectures and which stimulate you to really think about this subject. We believe that the knowledge which you shared with us will really help us to develop Fear free in South- Africa. What a incredible concept! It was far away the most interesting subject of the day. I want to thank you for the beautiful presentation and the interesting way you let us meet Fear-Free. We know your time precious and thank you that you shared it with us. We are looking forward to your participate\ion on other events.
